Resolution hosts major SA youth tennis tournament

Resolution Group together with the Truida Kestell Primary School in Bethlehem in the Free State is hosting what could be the biggest Under 11's tennis tournament in South Africa. The tournament will see 23 teams from the Eastern Free State, Bloemfontein, Port Elizabeth and Johannesburg competing for top honours between 30 April and 4 May 2009.

Resolution is committed to the promotion of a healthy lifestyle amongst the youth and feels that too little is done to promote sport amongst the young people of South Africa. This has led to the decision to sponsor specific youth related sporting events and not merely to focus on larger more well known initiatives.

"Young people need to know that they have support in taking the first steps towards an active and healthy lifestyle", said Anton van Wyk of the Resolution Group, "teaching them to stay fit and healthy should begin at an early age and extend into adulthood."
